WEEKLY REPORT

Dear Omar_Mamon

 In the below Table you will see a specified table that includes the good, the bad & the improvements that can be done on your Classification Task

- Perform The EDA And Show The Result as Power point Presentation or any Dashboard That you want .
- Make Sure That you want to tell a story So Anyone in this world could understand it .

Correctly Done	Can Be Improved
- Good Eda of each feature - Good Preprocessing - Power pi dashboard - Good encoding	- More Analysis of independent variables as market_seg and others - Using different technique for handling outlier as log transformation(additional) - Using histogram for room-type avg or meal type avg can give also more information(also your way is good) - Use percent of cancelation and non-cancelation for each month - Interpret Insights
